

## *The Benefits of Naming Miss Porter's School as a beneficiary of your Donor Advised Fund*

If not designated any remaining funds you have in your Donor Advised Fund will revert to the investment company's general philanthropic fund and be distributed as their Board wishes. Instead name Miss Porter's School as a beneficiary. Your estate plan serves as a final message that reflects your personal values and leaves a lasting legacy by which your family and community will remember you.

Simply contact your plan administrator, confirm that a charitable organization may be named as a beneficiary of the plan and request, complete and submit a beneficiary form.
